EDUCATIONAL NOTICES.

Gilchrist Scholarships.

AMENDED RULES FOR THE SCHOLARSHIPS INSTITUTED BY THE GILCHRIST EDUCATIONAL TRUST.

These Rules will take effect at and from the Examination to be held in January 1884.

ONE scholarship, of the value of £150 per annum, and tenable for four years, to be extended to 5 years if the scholar should prove himself worthy, will be annually awarded to candidates born in India, who shall become eligible by competitive examination, and shall be desirous of prosecuting a course of Academical Study in Great Britain with a view to graduation in one of the Faculties of Arts, Science, Law or Medicine in the University of London, under the following conditions:—

1.—Of the parents of each candidate, one at least shall belong to one of the Native Races.

2.—Every candidate must furnish proof satisfactory to the local authorities that he has completed his sixteenth year, and that his age does not exceed 22 years.

3.—Every candidate must furnish proof satisfactory to the local authorities that in regard to personal character and social position he is qualified to be admitted to competition for a scholarship.

4.—Every candidate is required by the Regulations of the University to pay a Matriculation Fee of £2.

5.—Candidates approved by the Local Authorities shall present themselves at the January Matriculation Examination of the University of London, which will be held simultaneously under the direction of Government Sub-Examiners, at the three Presidential Capitals, commencing on the second Monday in January. Those who pass the Examination will thereby become Members of the London University; and having once passed, they cannot again present themselves for Matriculation; and consequently such of them as pass on one occasion without gaining a scholarship, cannot compete for one again at any future Matriculation Examination.

6.—The answers of the candidates, approved as aforesaid, will be forwarded through the India Office to the Registrar of the University, who will cause them to be reviewed by the Examiners, and who will forward their report to the India Office for transmission to the Local Authorities in the Presidential Capitals, to be by them announced to the candidates.

7.—The scholarship shall be awarded to the candidate whose aggregate of marks stands highest, provided that he passes either in the Honours or in the First Division.* Such candidate shall have his choice whether he will pursue his curriculum of study in the University of Edinburgh or in the University College, London.

8.—The successful candidate will be provided by the Government of India with free passage to England, and will be expected to arrive in London, and to present himself to the Secretary of the Gilchrist Trust, not later than the first week in the October following his appointment.

* The full marks obtainable at the matriculation examination are 2,800. Of these, 1,800 qualifies for Honours and 1,400 for the First Division.

The following note was inserted in the Rules by direction of the Gilchrist Trustees in 1881, at which time the value of the scholarships was £100 a year only:—

Every scholar in order to take full advantage of the opportunities afforded him by the scholarship ought to have at least £50 per annum in addition from private means, and an allowance of £25 per annum is absolutely indispensable.

9.—The scholarship shall be considered as commencing from the 1st of July following the award of the Examiners; and will be paid in quarterly instalments, on the first days of October, January, April, and July.

10.—The scholar shall attend in every Session at least three Courses of Lectures at the institution in which he studies; and shall transmit to the Secretary to the Gilchrist Trust, at the conclusion of each Session, a certificate from each of the Professors whose lectures he has attended, stating that his diligence and conduct have been satisfactory. Should he not be able to produce such a certificate, or should he be proved guilty of discreditable conduct elsewhere, he shall be considered to have forfeited his claim to the remaining instalments of his scholarship.

11.—The scholar shall be expected to present himself at the first examination in one of the Faculties of Arts, Science, Law, or Medicine in the University of London before the termination of the second Academic year* from the commencement of his scholarship, unless excused from doing so by the Trustees; and if he do not so present himself (unless by permission of the Trustees), or if he fail to pass, he shall be considered as forfeiting his claim to the remaining instalments of his scholarship. After having passed the first Examination, he will be expected to pursue his studies, with the view of presenting at the Second Examination, within two (Academical) years.

12.—A grant of £50 will be made by the Trustees for the Return-passage of the scholar who shall succeed in obtaining his Degree in the University of London. If he fails to obtain his Degree, a Return passage will be provided by the Government of India.

13.—The foregoing scheme shall be subject to revision from time to time; the Trustees reserving to themselves the power of altering the conditions of the scholarship, or of altogether withdrawing it, if they deem it expedient to do either. But no change will be made in such a manner as to affect the interests of candidates already appointed to scholarships, or in any case without twelve months' notice.

2.—Every candidate must furnish proof satisfactory to the local authorities that he has completed his sixteenth year, and that his age does not exceed 22 years.

3.—Every candidate must furnish proof satisfactory to the local authorities that in regard to personal character and social position he is qualified to be admitted to competition for a scholarship.

4.—Every candidate is required by the Regulations of the University to pay a Matriculation Fee of £2.

5.—Candidates approved by the Local Authorities shall present themselves at the January Matriculation Examination of the University of London, which will be held simultaneously under the direction of Government Sub-Examiners, at the three Presidential Capitals, commencing on the second Monday in January. Those who pass the Examination will thereby become Members of the London University; and having once passed, they cannot again present themselves for Matriculation; and consequently such of them as pass on one occasion without gaining a scholarship, cannot compete for one again at any future Matriculation Examination.

6.—The answers of the candidates, approved as aforesaid, will be forwarded through the India Office to the Registrar of the University, who will cause them to be reviewed by the Examiners, and who will forward their report to the India Office for transmission to the Local Authorities in the Presidential Capitals, to be by them announced to the candidates.

7.—The scholarship shall be awarded to the candidate whose aggregate of marks stands highest; provided that he passes either in the Honours or in the First Division.* Such candidate shall have his choice whether he will pursue his curriculum of study in the University of Edinburgh or in the University College, London.

8.—The successful candidate will be provided by the Government of India with free passage to England, and will be expected to arrive in London, and to present himself to the Secretary of the Gilchrist Trust, not later than the first week in the October following his appointment.

* The full marks obtainable at the matriculation examination are 2,800. Of these, 1,800 qualifies for Honours and 1,400 for the First Division.

The following note was inserted in the Rules by direction of the Gilchrist Trustees in 1881, at which time the value of the scholarships was £100 a year only:—

Every scholar in order to take full advantage of the opportunities afforded him by the scholarship ought to have at least £50 per annum in addition from private means, and an allowance of £25 per annum is absolutely indispensable.

9.—The scholarship shall be considered as commencing from the 1st of July following the award of the Examiners; and will be paid in quarterly instalments, on the first days of October, January, April, and July.

10.—The scholar shall attend in every Session at least three Courses of Lectures at the institution in which he studies; and shall transmit to the Secretary to the Gilchrist Trust, at the conclusion of each Session, a certificate from each of the Professors whose lectures he has attended, stating that his diligence and conduct have been satisfactory. Should he not be able to produce such a certificate, or should he be proved guilty of discreditable conduct elsewhere, he shall be considered to have forfeited his claim to the remaining instalments of his scholarship.

11.—The scholar shall be expected to present himself at the first examination in one of the Faculties of Arts, Science, Law, or Medicine in the University of London before the termination of the second Academic year* from the commencement of his scholarship, unless excused from doing so by the Trustees; and if he do not so present himself (unless by permission of the Trustees), or if he fail to pass, he shall be considered as forfeiting his claim to the remaining instalments of his scholarship. After having passed the first Examination, he will be expected to pursue his studies, with the view of presenting at the Second Examination, within two (Academical) years.

12.—A grant of £50 will be made by the Trustees for the Return-passage of the scholar who shall succeed in obtaining his Degree in the University of London. If he fails to obtain his Degree, a Return passage will be provided by the Government of India.

13.—The foregoing scheme shall be subject to revision from time to time; the Trustees reserving to themselves the power of altering the conditions of the scholarship, or of altogether withdrawing it, if they deem it expedient to do either. But no change will be made in such a manner as to affect the interests of candidates already appointed to scholarships, or in any case without twelve months' notice.
